

TOWN COUNCIL DEALS WITH DRAINAGE PROBLEM

There have been many con-
tentious points to overcome at
different times, and also many
schemes to consider, for the
proper system which should be
adopted to do away once and
for all time with the several
stagnant pools which lie con-
tiguous to some of the best
property in town; but the ulti-
mate conclusion reached by the
town council at their session
last evening, to go right ahead
with this work at once, dis-
poses of the question in a man-

ner which must surely prove
acceptable to every ratepayer
and citizen.

As defined on the plans there
will be four large catch basins
put in and four manholes each
having their separate and dis-
tinct feeders, these latter being
six-inch tile, while ten inch,
twelve-inch and fifteen-inch tile
will be used as mains in differ-
ent places from basin to basin.

The work planned allows for
a basin at the corner of Main
and Third, with a drain from
this to the corner of Third and
Queen's where another basin
will be installed. The main
will then run along Queen's to
the alleyway leading west where
it will be met by the outlet of a
basin to be installed at the
corner of Fourth and Queen's.

A basin will also take care of
the surplus water at the corner
of Second and Queen's and in
this way the whole of that por-
tion of town will be thoroughly
drained, as well as the low-
lying property to the north of
Fourth Ave.

The outlet main will proceed
along the alleyway above-men-
tioned whereby the surplus
water will eventually reach
probably Basely Head Lake.

This whole scheme is to be
undertaken at once, and the
action of our Town Fathers in
this dealing with what has
heretofore proved a bugbear is
highly commendable.

BURSTING GUN INJURES HAND OF KINSELLA MAN

Vincent Bissell, who lives
on the N.W. 24-46 11w4, near
Kinsella is a most ardent sports-
man, but his experience of last
Thursday morning will possibly
make him more careful in the
handling of firearms, especially
when he is using shell which he
has loaded himself.

Vincent left his house about
7.30 a.m. on that day to replen-
ish the larder with wild fowl if
possible and had gone a short
distance from the house when
he saw a beautiful shot. Raising
the gun, a single-barrelled
12 bore, and slipping in a car-
tridge he pulled on the bird but
missed; he slipped in another
shot, one of his own loading
this time, and fired, with the
result that the gun burst in his
hand and the duck got away.

His brother at the house hear-
ing his call brought him to the
house and seeing that his left
hand was badly injured brought
him to Wainwright Hospital
where he was attended to by
Dr. Little. On examination it
was found that he had suffered
a severe flesh wound and laceration
of the ball of the left
thumb, in addition to which
the side of his face was badly
scorched by powder blast.

The patient is progressing
nicely, and although still pain-
ful, the wound is not consid-
ered dangerous.

IRMA INFORMATION

The condition of the crop
through this district still re-
mains doubtful. Considerable
damage has been done by frost
and wet weather and the extent
of the damage will not be
definitely known until the grain
is threshed and the elevator
men put the grade and price on.

Threshers are busy getting
their machines in repair and a
number of outfits will start
operations this week.

The Farmers Co-Operative
Elevator have the material on
ground for the erection of a
large coal shed.

The Battle River Municipality
have let the contract for the
erection of a municipal office
on Main Street. Henderson
Bro's, contractors, have the
building nearly completed. Now
that the secretary's office is
about finished we would sug-
gest some road work done so
even the councillors could get
to the village.

Quite a number from here
took in the Wainwright Fair
last week.

Dr. McGregor left Sunday
week for London, Ont. His
mother is very sick.

Chas Swallow is brightening
his store outside with a coat of
paint. Y. A. Tripp, is treating
his house to a fresh coat of
paint.

Considerable acreage and lots
have changed hands recently.

The material is all on the
ground north of the village
to start drilling another oil
well.

The Methodists contemplate
the erection of a new parsonage
beside the church.

At about o'clock yester-
day morning, the battalion
were taken over the
railroad from to
and all the boys looked in
the best of health and spirits. As
a special treat to the school kid-
dies, they were all allowed to
visit the depot at the time the
train pulled in, and the favor
was much appreciated. (This
paragraph couldn't get by the
censor.)

CHURCH NOTES

Sunday Services in St. Thomas
(Anglican) church are as
follows. Service for the children
at 11 a.m. Evening Prayer at
7.30.

Harvest Festival on Sunday
October 1st.

Intercession Service will be
held in St. Thomas church on
Thursday evening at 7.30.

Rev. H. Asseier terminates
his Ministry in Wainwright on
October 1st.

St. Andrews, Presbyterian
church, morning service 11 a.m.
minister, Rev. Thos. Murphy
will preach at both services
Sunday School and bible class
at 2.30. Sherman D. Mills Super-
intendent. Special music by
the choir under the leadership
of Mrs. B. N. Fraser.

Next Sunday will be a day
of special interest at Grace Meth-
odist church. Rev. T. C. Buchan-
an of Edmonton, Superin-
tendent of Missions in Alberta
will be the preacher both morn-
ing and evening. Mr. Buchanan
is a pioneer of the west, and an
able speaker. His position of
leadership and his experience
like fit him to speak from the
larger viewpoint. He will have
something to say that will be
worth hearing. The choir will
render special music at both
services. Mr. Buchanan will also
preach at Trafalgar in the after-
noon.

POPULAR YOUNG COUPLE WED

On Saturday last at the home
of Mr. Larue Smith, at Delburne,
Alta. (the uncle of the bride-
groom) the marriage was solemn-
ized of Guy Larue Smith, of
Wainwright and Miss Flossie
Stewart Ainslie or Delburne.
The happy couple left immedi-
ately after the ceremony for
Edmonton and the mountains
where the honeymoon is being
spent. They will return on
October 10th and take up re-
sidence on the farm of the bride-
groom, east of town.

F. W. Fish was a visitor to
Chauvin on business at the
beginning of the week.

GENERAL IDEA IS CONFLICT MAY END COMING WINTER

General O'More Creagh, former-
ly commander-in-chief in In-
dia, writing in the London (Eng.)
Weekly Dispatch on "Why the
war will end this winter," says:
"Recent events in all theatres
of war have been uniformly
successful for the Allies. The
Austro-German armies have
everywhere received severe
blows, while the allies are in a
precarious state. The Central
alliance has been defeated, not
crushed. The only acceptable
finish can be their complete
crushing so as to prevent fur-
ther mischief.

"It is therefore necessary to
make the German nation realize
the hopeless situation before
complete surrender will be
brought about. Already the
moral of the nation is affected.
The Germans no longer talk of
annexing their neighbors prop-
erty. Their general staff bul-
letins are filled with bigger lies
than ever. The stimulants are
required to keep up the people's
spirits.

"Hinderburg has no previous
record to warrant the belief
that he will relieve Germany
from the situation which would
be too much even for a Napo-
leon. His appointment is a
clear sign of a despairing nation.
Recent events point to the war
being near its conclusion.

"I am of the opinion that the
war will not last over winter.
Napoleon said: 'In war, moral
power is to the physical power
as three to one.' We have the
advantage of both moral and
physical power."

INCREASED PAY TO TRAINMEN OF GRAND TRUNK

Engineers and Firemen
will also ask for
Higher Wages

After a conference between
Grand Trunk railway officials
and representatives of the em-
ployees at Montreal on Wednes-
day, the company granted an
increase in wages of from 5 to
8 per cent all around, to 4,500
employees. The new schedule
agreed upon affects all branches
of the operating department
except the firemen and engi-
neers. The agreement is signed
for a year, but either the em-
ployers or the company can
break it after 30 days' notice.
The new scale puts the Grand
Trunk on the same pay basis as
the Canadian Pacific railway,
Wabash and Canadian North-
western railway.

Conductors in the passenger
service previously receiving \$2
68 cents a mile will now receive
\$2.90 cents; baggage men pre-
viously \$1.55, now \$1.90; brake-
men previously \$1.50 cents a
mile now \$1.55.

For conductors under the pre-
vailing system a day's work was
done when they had made a
mileage of 157 for \$4.40. Here-
after under the new agreement
they will receive \$4.50 for a
mileage day completed when
they have made a run of 155
miles. Baggage men instead of
\$2.75 for a day of 177 miles will
be paid that amount for a run
of 175 miles.

Regularly assigned passenger
trainmen who are ready for
service the entire month and
who do not lay off on their own
accord will be paid the following
minimum sums for the calendar
month.

New rate, Old rate.

Conductors ... \$135 \$125
Baggage men ... 80 75
Brakemen ... 75 70

Other employees benefit in like
manner.

The engineers and firemen it is
understood are now going to
seek a new wage rate.

LOCAL NOTES

Pte A. H. Wilkie, who has
been looking after his farm in-
terests in this locality for the
past few weeks returned to his
battalion at Camp Hughes on
today's train.

Our sympathies are extended
to Geo. Kitchen, who is in the
hospital this week suffering
from an attack of pneumonia.

G. H. Montgomery and his
wife returned to Edmonton on
Monday after a visit to his
brother Harry.

As a mark of respect and
esteem the local scholars of his
class at the local school were at
the depot on Monday to bid
"God-speed" to their former
teacher Pte R. Bryden, who
returned to Camp Hughes from
Edmonton on that day.

B. I. Perry, of the B. I. Perry
Co. Ltd. of Edmonton who is
in town last Friday regarding
the franchise for electric light-
ing of the town, is to meet with
the town secretary today in the
city, and together these two
gentlemen will appear before
the Public Utilities Commission
of the Province for the ratifica-
tion or otherwise of an agree-
ment dealing with the lighting
proposition.

The Secretary of the
Agricultural Society will
be glad if all persons
having outstanding ac-
counts for labor, etc.,
will kindly render same
at once.

ANNIVERSARY OF REBEKAH DEGREE IS CELEBRATED

Last Sunday evening witness-
ed the first church parade of
Adeline Rebekah Lodge, No 54,
I.O.O.F., when members of this
body to the number of about 30
attended divine service at St.
Andrew's.

An interesting and instruc-
tive address was delivered by
the pastor, the Rev T. Murphy,
who spoke on the text "Is it
nothing to you, all ye that pass
by?"

He said the Oddfellows' Order
had sixty-five years ago read
the signs of the future, and re-
alizing at that early date the
growing power of womanhood
for social betterment, had en-
listed their wives and sisters in
their work of sympathetic help-
fulness. To this new branch of
the order was given the name
of the Rebekah degree, and
sisterhood was the motto.

The Rebekah degree, for all
prizes for the truest kind of life—that
of sacrifice for others. The re-
proach hurled at the passer-by
of the Bible could not be direct-
ed at the Rebekahs, for to them
the cry of sorrow is a call to
duty, and in them the needy
have efficient helpers.

The music which was of a
high order throughout, was un-
der the able direction of Mrs B.

ALBERTA BUTTER STILL LEADS

In the creamery competitions
in the Canadian National Ex-
positions, Toronto, Ontario
makers went down before
rivals from the other provinces
A Calgary maker won first in
salted solid, Quebec makers
took every thing in unsalted
solids, a Winnipeg maker was
at the top in prints, and to a
Quebec maker went the credit
of making the highest average
score. Among the principal
awards were: Creamery salted
solids—1, Carlyle Dairy com-
pany, Calgary, Alta.; score
97.23; 2, A. Trudol, Fortierville,
Quebec; 3, W. Jackson, Maker-

WELL KNOWN HOSTELRY CHANGED HANDS THIS WEEK

After being absent from town
for about a year, C. B. Turner,
who has been residing in the
State of North Dakota, returned
last week end accompanied by
his family, and took up his new
duties as part proprietor of the
Park Hotel.

Mr Turner (who will perhaps
be better remembered as "Dad")
is no stranger to the hotel and
restaurant business he having
just sold out a big cafe at his
former home town, and with
him as co-partner is Roy Argue,
who is so well known as to
need no introduction, and who
knows the catering business
also from the ground up.

Since the closing of the bars,
this hostelry has installed an
up-to-date soft drinks and
light refreshment stand, and
coupled with the usual other

hotel facilities, there is no doubt
that the venture for the new
proprietors will prove a success.
J. B. Milne, the late owner,
who has been associated with
this house for the past two or
three years is making arrange-
ments to take up residence in
the State of Oregon; and al-
though his presence in town,
and his assistance to the city
fathers as one of the councillors
will be badly missed, we wish
him the best of luck in his
new locality.

GRANGE FARM, EAST OF TOWN CHANGES HANDS; BIG PRICE

Last week end saw the com-
pletion of a deal whereby the
farm property of N. B. Grange,
a few miles from town, changed
hands at a real big price. This
land which has been in posses-
sion of Mr Grange for some
considerable time, now becomes
the property of J. L. Howie,
of Stratford, Ontario, who arrived
in town last week and closed
the deal spot cash.

While bidding good luck to
our late neighbor—who goes to
Creston, B. C., to try his hand
at fruit farming—we cordially
welcome the stranger to our
gates, and wish him all success.

Pte C. Mooney, of the 202nd
Batt. arrived in town on Mon-
day on a few days leave from
Sarcee.

G. Hill, who is travelling
through the country in the
interests of organising the boiler
makers and machinists of the
several railroads was in town
on Monday last.

We are glad to state that
Mrs P. D. Laird, who suffered a
nasty fall and severe bruises
from falling down the stairs at
the Oddfellows Hall on Sunday
evening, is feeling much better
though suffering considerable
stiffness.

We have been asked to state
that despite reports to the con-
trary Pte Billy McKay, of the
51st Battalion is safe and sound
in Bramshott, England, he
having been heard from as
recently as Friday last.

Some of the boys who have
been home in this district on
harvest furlough and short
leave returned last week end.
Among this number are includ-
ed: Sgt. E. K. Smith, Corps.
C. Wallaker, H. Davey, M. Mil-
ler, and Ptes. W. H. Isted,
E. Taylor, A. McLean, J. Mo-
gridge, H. Walker, F. Stott, N.
Livingstone, B. Stewart, D.
Aldridge, and P. Aythart.

Second Day of Wainwright Fair Sees Continuation of Well-Earned Success

The judging of the extra large
number of entries for the Wainwright
Fair which necessitated some of the judges
staying over from Monday, was com-
pleted by noon on Tuesday, and all
unite in proclaiming the fairness of
their awards. In many instances it
was a hard matter to decide as to su-
periority, the whole being a stinging
exhibition of par excellence.

The grain and roots sections were
heavily filled with entries, and all of
these proclaimed the fact that Wain-
wright is indeed a community to be
reckoned with when soil and product-
ivity is sought for.

The ladies' work, as last year, was
away above the average of fairs of this
size and was, indeed, even better than
lots seen at some city fairs within our
knowledge.

On the whole the Agricultural So-
ciety may well feel proud of its 1916
show, and the thanks of all the mem-
bers are due to the hard-working offi-
cers for the success.

Owing to a typographical error the
name of J. H. Dawson as poultry judge
should have read A. E. Myers of Edmon-
ton in our last issue; the first named
gentleman being the director in charge
of this class.

The results of the balance of the
judging was as follows:

ADVANTAGES OF AN AGRICULTURAL SOCIETY TO SURROUNDING TERRITORY

(By Ruth Douglas, being the prize-winning essay at the Wainwright Fair)

IN CONSIDERING these advantages, we may take for our example the local Agricultural Society. What does it do that benefits the Wainwright district?

It is formed with the object, first of all, of benefitting the farmers. At the fair, which is held annually, the farmers meet with each other and thus have an opportunity of discussing and criticizing the various methods of farming. In the display, they may see the results of the methods and judge for themselves (which is the most satisfactory way) just what method would be best for them to follow. Without some annual event to draw them together the farmers would of necessity work separately. "In union is strength" and the fair, which is the result of efforts on behalf of the Agricultural Society, unites them, more or less. Nor must we forget the rivalry. Each farmer wants to make a better showing than his neighbor, and this feeling is thoroughly reciprocated on the part of the aforesaid neighbor. This is only natural, and into their efforts they put their very best and thus they help the whole district, although they themselves may not realize it.

One of the most beneficial sections of the fair is the live stock department. Here may be seen most of the farmers, some discussing or probably just "closing up" a deal. In this department they can see an excellent selection, and can generally find what is most suited to their wants. Here the hurry and confusion of the auction sale is absent, and the farmer has an excellent chance to see just what is the breed he should raise.

Next, let us consider its advantages as concerning the farmers' wives. While her husband is interested in the grains, live stock and vegetables, she notices particularly the domestic manufactures and fancy work departments. Such things as butter and cooking hold special interest for her. She will have opportunities of learning what are the best paying fowl for her to raise. The farmers and their wives are not however, the only ones benefited by the "Agricultural Society." The men and women of the town and the children too should not be forgotten. The men of the town learn to sympathize with their fellowmen who are farmers. They learn more of the farmers' sphere, and what an important place those that till the soil hold in the making of the country. The women are interested in the fancy work and art department, and are also interested in the cooking. Of course there is always a certain natural rivalry between the women of the country and the women of the town, and it is always a question who makes the best display. The ladies who live in town learn more of their sisters on the farms by the fair, and in this way are taught to sympathize with those that they are apt to forget.

As to the children, next to the "Sports," they look forward to the fair more than to any other function. The fair is one of our many aids to education, and although the children do not yet know it, helps them wonderfully. They are so interested in "trying for the fair" that they do not realize they are tired or that they "hate arithmetic." The fair is one of the best advertisers a town can have. There are always visitors at it, and if these visitors carry home creditable reports, it means new settlers for the district. The fair is the visible result of the "Agricultural Society," so let us all support that society which benefits farmers, townspeople and everyone in the district.

THE PRICE OF "THE STAR" TO BE INCREASED, NOV. 1ST.

WE ARE CONSTANTLY hearing of increased prices. The price on practically every article that a person uses has risen in the past 2 or 3 years, and in almost every case, the merchant or the manufacturer blames the war for these increased prices. The War which broke out in August of 1914, and which is still raging has been responsible for many things not the least of these being the increased cost of everything.

Now, it has been repeatedly brought to the attention of newspaper readers that the prices of newspapers, inks and other materials used in connection with the publishing of a newspaper, were going up in price, until publishers have been forced to cut down their consumption of these materials and at the same time increase the price of their paper, or the result would be financial ruin.

The Star wishes to announce that the price of this paper will also increase, on November 1st, 1916, from \$1.00 to \$1.50 per year. We have been considering this increase for a long time, but have neglected to take this step until the present time.

However, it is fast being brought home to us that unless we can secure more for our paper than we have been securing in the past the Star will be running at a loss. Some readers are under the impression that a paper always expects to derive its revenue from advertising space, and that it matters little whether the subscription price is one dollar or ten cents. It is absolutely, as has been proven in the past, a practical impossibility to issue a newspaper without advertisements. The advertiser must support the newspaper but at the same time he must not be forced to pay for that which should be paid by the reader. The cost of producing a publication must be paid for by the advertiser and the reader. Each must pay their share.

For the past thirty years the price of the country weekly has been one dollar per year. Hundreds of papers have come into existence in Canada, and almost invariably the one dollar subscription rate has been adopted. In days gone by this rate was a fair one. Newspaper could be obtained at a fair price, labor bills amounted to less than half those of the present day, ink did not prove much of a drain on the publisher's pocket. Type and other equipment could be purchased at a fraction of what it costs today. Yet the subscription rate has remained unchanged during these thirty or forty years. In spite of all these increases in the cost of producing a newspaper, the pub-

lisher has borne the additional expense without asking the reader to pay his share. A little over two years ago the war broke out. Then there was a panic. Prices of paper, ink, machinery, and every other article used in a publishers plant started skyward. They have been increasing from week to week ever since, and at the present time there is absolutely no sign of a stop. A new price list is issued every ten days or so by the paper dealers, and the publisher has no guarantee against a raise in price for more than two weeks at a time.

Taking into consideration the constant increase in the price of materials used by a publisher for the past thirty years, added to the increased cost of these commodities since the war, every reader can see the cost of publishing a newspaper at the present time is much higher than when the one dollar subscription rate was generally accepted as being a fair rate. The result is that many papers have increased their rate to \$1.50 as the Star will do on November 1st. Many more weeklies will be forced to adopt the new rate before long, or cut down the quality of their publication.

The publishers of the Star feel that they are giving their readers a paper worthy of support. The Star contains more columns of news matter each week than the average weekly paper published in a town the size of Wainwright. We know that the Star is worth more per year in the average weekly paper, and we feel sure that the \$1.50 rate will be accepted without complaint.

You are a reasonable being, and so can see that the price of a weekly newspaper should no more remain "fixed" year after year than the prices of such common things as beefsteak, sugar, coal, wood, shoes, wheat, eggs, butter, lumber or horses. Give this matter your fair consideration, and meet the \$1.50 rate on November 1st with a smile.

It stands to reason that a home firm, specializing in Alberta grain, conversant with every market and its requirements, is far better able to give you the attention and service you so badly need than one a thousand miles away.

The Northern Grain Co., Ltd.

(Headquarters at Edmonton) with HERB SMITH as their representative in the Wainwright district, are prepared to give you this service. See Herb. For Prices, Market Information, Advice of Shipment and Loading.

URGES A COMMISSION

How Toronto Board of Trade President Would Administer Tariff

At the annual meeting of the Toronto Board of Trade the retiring President, Mr. J. W. Woods, head of the Gordon, Mackay Company, reviewed the general business conditions prevailing in Canada, and made a forecast of the future. An important feature of the address was his reference to the tariff. When it is known that Mr. Woods is head of one of the largest wholesale and importing houses in Canada which has Western branches in Brandon and Regina, and that he has always been regarded as a free trader in his sympathies, special significance is attached to his remarks.

Favors Existing Policy

"Wholesalers and importers and agents for foreign manufactured products generally, whatever their sympathies may be in the matter of free trade, have come to the conclusion that the system under which Canada is at present raising its revenue is working out satisfactorily for all concerned, and are unanimous in the belief that in the years immediately following the war, Canada's revenue necessities will be such as to require no serious reductions being made in the tariff. President Woods' opinion in favor of the existing policy, with such modification as scientific study would make advisable, and his advocacy of a commission to administer the tariff, will commend themselves to all far-sighted citizens. Duties on imported goods cannot be wiped out or materially reduced without a disruption of the existing system of taxation, and those who advocate radical changes of this nature must remember that all parts of the country and all sections of the people must be considered.

Tariff

There is a difference of opinion among our members as to the extent the Government is justified in shifting responsibility by appointment of special commissions. I am sure in certain directions, government by commission is the one and only way of getting permanence and stability, and a tariff commission, similar to the Dominion Railway Commission, should, I believe, be appointed at an early date. The tariff should be taken out of politics—a scientific tariff, worked out by experts, should be put in force as soon after the cessation of hostilities as possible. The Government must have revenue. The farmer and the laboring class must be considered, and the manufacturer is entitled to protection. Here is work for a strong commission.

War is creating conditions new to all of us, but we do know this: that once war ends, many of our factories will be upset and a period of readjustment will arrive which will try the strongest.

WHAT EUROPE WILL DO

An Invasion by Foreign Goods. After the War is Foreseen

Industrial conditions in Canada at present are abnormal. They exist only because Great Britain has more than her factories can accomplish, and because the great factories of Belgium and Northern France are in the hands of the enemy. In return for her output of war supplies Canada gets so many million dollars from Great Britain and our allies. Europe has to get back that gold somehow, and when the war ends, many of our factories will be upset and a period of readjustment will arrive which will try the strongest.

There will be offered for sale by Public Auction at the Post Office in the Town of Intra in the Province of Alberta, at 2 o'clock p.m., on Saturday the 30th day of September, A.D. 1916, the following property, namely:

The southern quarter of section thirty-four (34), township forty-seven (47), range eight (8), west of the fourth meridian, containing by a measurement one hundred and sixty-one (161) acres, more or less, according to Dominion Government survey.

Terms of sale to be 10 per cent. cash at the time of the sale, and the balance according to the terms and conditions to be made known at the sale or upon application to the Vendor's solicitor.

The above property will be offered for sale subject to a sealed reserve bid, and free from all encumbrances, save the existing reservations and conditions in the original grant from the Crown or in the existing certificate of title.

For further particulars and conditions of sale apply to S. A. Dickson, 602 Tregler Block, Edmonton, Alberta, solicitor for the Vendor.

Dated at Edmonton, this 4th day of August, A.D. 1916.

Approved: W. A. DEYL, Deputy Registrar, N.A.L.R.D.

The safety and interest of Canada requires that Canadians as a people must promote such industries as will render us independent of other nations for our essential supplies. When the war is over, and the work of rehabilitation begins, if we are to still worship this fetish of imported goods we shall have opportunity and to spare for foreign goods will again pour into Canada ready to take away the demand for home labor.

The position of instructor in Fine and Applied Arts in the Provincial Institute of Technology has been filled by the appointment of Mr. L. E. Pearson, of Camrose.

When Pigs Were Cheap

IN your grandfather's day--ask him about it--you could buy a dressed hog for three dollars; a nice big pig. And a live pig would cost you no more.

Everything in those bygone days was cheap--that is the things of common use.

Clothes, boots, milk, bread, beefsteak, eggs, butter, lumber, farm labor, domestic servants--they all cost a great deal less than they do today.

It cost less to live--and less to be born--and less to die fifty years ago than today.

And it cost much less to publish a country weekly fifty years ago than it does today--very much less.

Yet you paid--or your grandfather did--just a dollar a year--the same as you are paying today.

But the dollar rate must yield to the pressure of necessity. We must do now what we ought to have done years ago--raise the price of **The STAR** to **\$1.50**. The tremendously increased costs of paper, ink, supplies, and the more than doubled cost of living have made us "furiously to think." And so, on and after November 1st the price of the **STAR** will be **\$1.50** a year.

Good Readers All

If you were in our place, and knew all we know about the higher costs of publishing, you would wonder why we didn't make the advance long ago. We trust you to meet the new rate with a smile. Not for 50c. a year will you say "Stop my paper."

BUT IT IS OUR DUTY TO LET YOU NO WHAT'S COMING

WAR LOAN

DOMINION OF CANADA

Issue of \$100,000,000 5% Bonds Maturing 1st October, 1931.

PAYABLE AT PAR AT

OTTAWA, HALIFAX, ST. JOHN, CHARLOTTETOWN, MONTREAL, TORONTO, WINNIPEG, REGINA, CALGARY, VICTORIA.

INTEREST PAYABLE HALF-YEARLY, 1st APRIL, 1st OCTOBER.
PRINCIPAL AND INTEREST PAYABLE IN GOLD.

ISSUE PRICE 97½

A FULL HALF-YEAR'S INTEREST WILL BE PAID ON 1st APRIL, 1917.

THE PROCEEDS OF THE LOAN WILL BE USED FOR WAR PURPOSES ONLY.

THE MINISTER OF FINANCE offers herewith, on behalf of the Government, the above named Bonds for subscription at 97½, payable as follows:

10 per cent on application:
30 " " 16th October, 1916;
30 " " 15th November, 1916;
27½ " " 15th December, 1916.

The total allotment of bonds of this issue will be limited to one hundred million dollars exclusive of the amount (if any) paid for by the surrender of bonds as the equivalent of cash under the terms of the War Loan prospectus of 22nd November, 1915.

The instalments may be paid in full on the 16th day of October, 1916, or on any instalment due date thereafter, under discount at the rate of four per cent per annum. All payments are to be made to a chartered bank for the credit of the Minister of Finance. Failure to pay any instalment when due will render previous payments liable to forfeiture and the allotment to cancellation.

Subscriptions, accompanied by a deposit of ten per cent of the amount subscribed, must be forwarded through the medium of a chartered bank. Any branch in Canada of any chartered bank will receive subscriptions and issue provisional receipts.

This loan is authorized under Act of the Parliament of Canada, and both principal and interest will be a charge upon the Consolidated Revenue Fund.

Forms of application may be obtained from any branch in Canada of any chartered bank and at the office of any Assistant Receiver General in Canada.

Subscriptions must be for even hundreds of dollars.

In case of partial allotments the surplus deposit will be applied towards payment of the amount due on the October instalment.

Scrip certificates, non-negotiable or payable to bearer in accordance with the choice of the applicant for registered or bearer bonds, will be issued, after allotment, in exchange for the provisional receipts.

When the scrip certificates have been paid in full and payment endorsed thereon by the bank receiving the money, they may be exchanged for bonds, when prepared, with coupons attached, payable to bearer or registered as

to principal, or for fully registered bonds, when prepared, without coupons, in accordance with the application.

Delivery of scrip certificates and of bonds will be made through the chartered banks.

The issue will be exempt from taxes--including any income tax--imposed in pursuance of legislation enacted by the Parliament of Canada.

The bonds with coupons will be issued in denominations of \$100, \$500, \$1,000. Fully registered bonds without coupons will be issued in denominations of \$1,000, \$5,000 or any authorized multiple of \$5,000.

The bonds will be paid at maturity at par at the office of the Minister of Finance and Receiver General at Ottawa, or at the office of the Assistant Receiver General at Halifax, St. John, Charlottetown, Montreal, Toronto, Winnipeg, Regina, Calgary, or Victoria.

The interest on the fully registered bonds will be paid by cheque, which will be remitted by post. Interest on bonds with coupons will be paid on surrender of coupons. Both cheques and coupons will be payable free of exchange at any branch in Canada of any chartered bank.

Subject to the payment of twenty-five cents for each new bond issued, holders of fully registered bonds without coupons will have the right to convert into bonds of the denomination of \$1,000 with coupons, and holders of bonds with coupons will have the right to convert into fully registered bonds of authorized denominations without coupons at any time on application to the Minister of Finance.

The books of the loan will be kept at the Department of Finance, Ottawa.

Application will be made in due course for the listing of the issue on the Montreal and Toronto Stock Exchanges.

Recognized bond and stock brokers will be allowed a commission of one-quarter of one per cent on allotments made in respect of applications bearing their stamp, provided, however, that no commission will be allowed in respect of the amount of any allotment paid for by the surrender of bonds issued under the War Loan prospectus of 22nd November, 1915. No commission will be allowed in respect of applications on forms which have not been printed by the King's Printer.

Subscription Lists will close on or before 23rd September, 1916.

DEPARTMENT OF FINANCE, OTTAWA, September 12th, 1916.

SLIPS FROM SLIGO

The September meeting of the Sligo U.F.W.A. was held at the home of Mrs. Giles James, when eleven members and three visitors were present a very pleasant afternoon was spent. After the usual business was dispensed the time was spent in practicing a play which the ladies are preparing. The play is entitled "The Spinners Convention" and will be given at Rosedale Hall on November 14th. The next meeting of the U.F.W.A. will be held on Thursday Oct. 13th at the home of Mrs. Allan Wilson.

Pte E. P. Taylor, who has been home for a month on harvest furlough, left on Monday the 18th for Sarcee Camp. Pte J. A. Mogridge also returns to the camp shortly.

Mrs. H. Carbert of Wainwright, recently spent a few days at the home of her parents Mr. and Mrs. Joseph Taylor.

Seven families of children were sent home from the Sligo school recently on account of having chicken pox. The disease is very prevalent in the neighborhood.

Mr. and Mrs. Porteous, of Ontario, are visiting their daughter Mrs. Howard Templeton, at present.

Last Wednesday evening, a pleasant house party was spent at the home of Mrs. Joseph Taylor, as a reward to her son Edward, who leaves for Sarcee Camp on Monday.

HEATH HAPPENINGS

Mr. W. G. Cummings, Edmonton, spent the week end with his brother J. W. Cummings.

Pte. M. Peterson, is home on a month's leave from Sarcee Camp.

Mrs. J. Armstrong and children left on Sunday for Edmonton after spending a week with her father M. Lundy.

Miss Lundy, spent a few days in Edmonton recently.

Mrs. E. Messier and daughter arrived last Saturday from Montreal.

Miss E. Hess, from Ribstone has taken up duties as clerk in McLeod and Co. general store.

Divine Service will be held at Heath on Sunday Afternoon at 3 o'clock.

A very pleasant dance was held at Arm Lake on Wednesday last in honor of Ptes. A. Scott, and J. M. Peterson. These two Kakh boys of ours take this means of thanking the organizers for the good time they had. They returned to their respective battalions--151st and 194th at Calgary this week.

JARROW JOTTINGS

A very successful box social and dance was held in the schoolhouse on Friday last, when no less a sum than \$52 was realized. The whole affair was arranged in a week by our genial school teacher, and great praise is due to this indefatigable worker. A little playlet, in which Miss Irwin and Mr. Larson took leading parts was creditably produced, and we look for some more of these gatherings during the coming winter.

C. Long has nearly completed his blacksmith shop, and is very busy these days.

One of our kakh boys, Pte H. Bieh of the 202nd Battalion, is home from Sarcee for furlough.

We believe that wedding bells will soon be ringing in our village. At least Carle Larson is building a house, and has got his buggy fixed.

A lot of new buildings are being erected these days including a couple for R. Benn and J. Wyatt, and the elevator is now completed. Watch Jarrow grow.

Mrs. R. Irwin is expected back from the coast at the end of the week, and all hope to find her in improved health from her stay out west.

Mother: "Joe, why do you suppose that old hen
 persists in laying in the coal-bin?" Joe: "Why, mother
 I think she has seen the sign. 'Now is the time to lay in
 your coal.'"
